

VALOR VL100 PRO

The Economically Efficient POS Solution

An upgrade to the Valor VL100 countertop terminal

Upgrade To The Valor VL100 Pro-Now On Sale!

Introducing the Valor **VL100 Pro**, an upgraded version of the VL100. This newly released model enables businesses to leverage the latest POS technology to streamline operations and enhance customer experience, all within a budget-friendly framework.

Best-in-class technology at an affordable price

The VL100 Pro offers cutting-edge POS technology at an affordable price, featuring built-in NFC card readers and expandable Micro-SD memory for efficient transactions.

Contactless and secure transactions

The VL100 Pro offers the latest EMV card technology with dip, tap, swipe, and EBT transactions, catering to a wide range of customer demands. Embrace the future of contactless payments with integrated smart cards and magnetic card readers, rendering complete security for the customers.

Intuitive touchscreen and integrated keypad

Perform operations and tasks quickly with an intuitive wide touchscreen. The VL100 Pro offers a smooth checkout experience with the help of an integrated keypad, keeping safety and security in mind for all your customers.

Durable, reliable, and powerful

The VL100 Pro is designed to be both durable and reliable, ensuring that it can withstand the rigors of daily use in any business environment. This powerful device facilitates fast and secure transactions, providing peace of mind for both business owners and their customers.
