Release Notes

Nov 2024

Introduction

We're thrilled to share the latest updates to our CRM platform, packed with new features, enhancements, and performance improvements designed to streamline your experience and help you get more done.

Here's a quick look at what's new:

New Features

- 1. Write-Off Automation**
Simplify financial processes with automated bulk handling for write-offs, saving time and reducing manual errors.
- 2. ACH Reject Automation**
Stay on top of payment rejections effortlessly with automated processes that handle them in real time.
- 3. IMAP Integration Enhancements for CBCAL**
You can now easily view and download your CBCAL monthly reports directly from the CRM dashboard, making it simple to access the information you need.

Feature Enhancements You'll Love

- 1. North MPA and Boarding Enhancements**
Improved workflows for boarding and MPA processes, delivering greater efficiency and ease of use.
- 2. User Deletion Notifications**
Notifications are now sent directly to designated support email roles, keeping everyone informed and aligned.
- 3. CBCAL Monthly Report**
Access and download detailed CBCAL monthly reports directly from the CRM front end, simplifying reporting.

Major Improvements for a Seamless Experience

- **Performance Enhancements**
Enjoy faster response times and optimized system performance for a smoother experience.
- **System Stability Upgrades (Version 1.1)**
Enhanced stability ensures uninterrupted operations, so you can focus on what matters most.

Why These Updates Matter

These updates reflect our ongoing commitment to delivering a CRM platform that works smarter for you. With these changes, you'll enjoy:

- **Improved Efficiency:** Automation and enhanced workflows free up your time for higher-value tasks.

- **Greater Transparency:** New notification and reporting features keep your team informed and in control.
- **Seamless Usability:** Faster, more reliable system performance makes daily operations hassle-free.
