

VL100 Pro

The Economically Efficient POS Solution

With the VL100 Pro, businesses can now leverage the latest in POS technology to streamline their operations and enhance customer experience, all within a budget-friendly framework.

Best-in-class technology at an affordable price

The VL100 Pro provides the most advanced POS technology at an affordable price. Driven by the latest advancements, including built-in NFC card readers and extendable Micro-SD memory, it delivers exciting payment technology for efficient transactions.

Intuitive touchscreen and integrated keypad

Perform operations and tasks quickly with an intuitive wide touchscreen. The VL100 Pro offers a smooth checkout experience with the help of an integrated keypad, keeping safety and security in mind.

Contactless and secure transactions

The VL100 Pro offers the latest EMV card technology with dip, tap, swipe, and EBT transactions, catering to a wide range of customer demands. Embrace the future of contactless payments with integrated smart cards and magnetic card readers, rendering complete security for the customers.

Built to last

The VL100 Pro is durable and reliable, enabling fast and secure transactions. It is a powerful device with everything a business needs to complete a transaction.

Cash Discounting, Dual Pricing, Surcharging

Dual Pricing

The Dual Pricing feature allows businesses to display a transparent card and cash price. This feature enhances flexibility in pricing strategies and helps businesses satisfy diverse customer needs effectively.

Digital Signature Capture

The Digital Signature Capture feature is a reliable solution for businesses needing secure and convenient signatures. The customer has the capability to sign on-screen for a quick and easy transaction.

Bill Splitting

The Bill Splitting feature enables customers to divide a bill among multiple individuals in situations like group dining or shared expenses, ensuring a smooth and enjoyable experience.
